Dear Ruth

### **Bradley Bridge, Old Malpas Road, Malpas**

Thank you for your letter dated 17 July and support for our plans to repair Bradley Bridge.

The works are due to begin on 4 August and could take up to 12 weeks to complete. In planning and programming the works our team have reviewed options to minimise disruption on the highway network while maintaining access where possible. However, due to the nature of the work and safety of both our contractor and users of the highway, there is a requirement to close the road for a period of time during the work. A signed diversion route utilising the A41 will be in place and regularly monitored. Upon completion of the works there will be no requirement for the installation of two-way traffic signals as the carriageway is of suitable width to facilitate two-way traffic flow.

I trust this is helpful and your support during delivery of the works is appreciated.

Yours sincerely

**Andrew Lewis**  
**Chief Executive**
