

Malpas 100 Years On 1918 -2018

We commemorate men of Malpas who cycled off to war,
“To fight for King and Country” read a sign on the post office door.
Respectful and excited, they signed up right away,
Earnest in their hopefulness, to return on triumph day.

Brave lads, our own, yet still they went, to challenge this national crisis,
Our tears, their fears, no time for family niceness.
They left their Malpas homeland with patriotic dedication,
A century on the eleventh hour we stand in contemplation.

We thank you men of Malpas for your loyalty in our war,
We commemorate your bravery as we walk our street once more.
